INTRODUCTION

This document contains information regarding AutoStar Fusion Version 3.9.2.97.

The following sections describe the release in detail and provide relevant support and training information.

FEATURES

Home Page

Added Image for Innovate Users Conference 2011 to the Fusion Home Page. This will open a browser window to <http://www.autostarsolutions.com/support/innovate-users-conference>.

TECHNICAL INFORMATION

Inventory

After deleting an additional expense record the inventory item must be saved.

Deficiency Collections

Fixed issue where a SQL error would be generated when reversing a Deficiency Collections payment.

Autozoom

When calculating the Autozoom "Payments Made", Fusion will now remove repo proceed amounts when calculating the number of payments.

Changes to correctly calculate the amount of principal and interest received on repo proceeds when generating the value sent to Autozoom.

Main Search

Fixed issues where it was possible to open Advantage table using the local server copy of Advantage instead of the Remote Advantage Server.

Florida Sales Tax Credit Report

Changes to the Florida Sales Tax to more accurately calculate the sales tax credit refunded to the dealer.
